

DEPARTMENT OF THE NAVY

BOARD FOR CORRECTION OF NAVAL RECORDS

2 NAVY ANNEX

WASHINGTON, D.C. 20370-5100

CRS

Docket No: 4481-00

3 November 2000

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 25 October 2000. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Navy on 11 December 1996 at age 20. A psychiatric evaluation, conducted on 19 December 1996, found that you had poor motivation and were guilty of intentional and manipulative self-mutilation. On 20 December 1996 the commanding officer recommended that you be separated with an entry level separation by reason of misconduct due to commission of a serious offense as evidenced by your malingering. On that same date, you received an entry level separation by reason of entry level performance and conduct. At that time you were assigned a reenlistment code of RE-4.

The Board noted that an RE-4 reenlistment code is authorized by regulatory guidance and normally assigned to individuals who fail to complete recruit training. The Board thus concluded that there is no error or injustice in your reenlistment code. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that

favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
